

NEBRASKA DEPARTMENT OF EDUCATION
Persistently Lowest-Achieving Schools
2011-12 based on 2010-11 data

Tier I Schools means the five (5) lowest-achieving Title I schools identified to be in school improvement, corrective action, or restructuring plus any Title I served secondary school with a graduation rate of less than 75% over the three latest years that was not captured in the above five schools. (Schools with an asterisk (*) made the AYP goals in 2010-11. A school must make all AYP goals for two consecutive years to no longer be considered as being in need of improvement under NCLB.)

NOTE: The U.S. Department of Education released updated School Improvement Guidance on November 1, 2010. The guidance states, "In accordance with section II.B.10 of the SIG final requirements, an SEA may not count currently served Tier I and Tier II schools toward the number of Tier I and Tier II schools that it must identify for the purposes of the FY 2010 SIG competition." "The guidance goes on to say, "If any of the State's currently served Tier I schools continue to fall into the bottom five percent based on the most recent achievement data, the SEA must go further up its list to identify schools that are eligible for funds."

The following Tier I Schools are eligible to apply for ESEA SIG (Elementary and Secondary Education Act) (School Improvement Grant) funds
